The College of Veterinary Medicine and Biomedical Sciences provides funding to support tutors for DVM students requiring additional academic support through part or all of their professional veterinary education.

Current veterinary students serve as the tutors. The salary is approximately $11.00 per hour. Tutoring times and numbers of hours per week are negotiated with each student(s) to be tutored.

If you are interested in being a tutor, please fill out the information below and return this form to Dr. Melinda Frye (CVMBS College Office)
