Transcript Evaluation Services

International transcripts must be processed by a transcript evaluation service. Listed below are few of the services available.

1. Applicants must contact the service to request a transcript evaluation application.
2. Designate VMCAS as the recipient.
3. Pay fees as required by the evaluation service.
4. The transcript evaluation process can take **up to four weeks to complete**, after all documents are received by transcript evaluation service. It is possible to expedite your request, for an additional fee.
5. Once completed, the transcript verification evaluation service will forward its evaluation, and grade conversion, report to VMCAS. VMCAS will make the report available to veterinary schools.
6. Applicants should request a copy of the report and should use the interpreted grades in listing their courses/grades on the VMCAS Application.
